

URBAN TRIAGE

*Inspiring Positive, Permanent Change
within Black Communities*

Hey Community Member,

By way of dynamic programming and transformational education, we've touched the lives of over **10,000 people**. We empower and inspire Black families and communities into action while addressing health disparities and inequities.

Urban Triage is *for the people, by the people*, meaning 80% of our funding comes directly from you, and 100% of our programming staff have lived experience.

With your support since early 2020 we have...

- Transformed **150** lives in our Supporting Healthy Black Families' Workgroup
- Provided over **10,000** meals to families
- Provided COVID Relief to over **8,000** individuals and small businesses
- Allocated over **\$500,000** in resources
- And since January 2021 we've connected **65** people experiencing homelessness to long-term resources

Now is the time to come along with us. We've had a strong start, and this is just the beginning. Join us as we continue to transform Black lives and our community.

Donate today and invest in Black Lives!

Sincerely,

Brandi Grayson

our big goals for the coming year
and please give today!***

Meet Yo!

Yo was a previous client through our Homeless Outreach Initiative. Our team recognized Yo's passion and drive, and invited her to join our staff.

"Urban Triage saw something in me that I didn't recognize in myself; and because of the faith they had in my success, I'm able to give back in a way that allows me to pay it forward!"

-YO JONES

With your donation, we will serve...

300

Participants in our Supporting
Healthy Black Families'
Workgroup

100

Participants in our Co-
Conspirators Workgroup

255
